Abstract text, we will fill this out once we've written the rest of the paper, it's basically a brief summary of the whole paper.

1. Introduction

Example text with citation [?].

2. Background and Related Work

3. A Proposed Automated Testing Framework

4. Application to LakeTemperature

4.1. Change Impact Analysis

4.2. Combinatorial Testing

5. Experimental Results

6. Conclusion and Future Work
